

ATA Science Conference 2016
November 17-19, 2016
The Banff Centre, Banff, AB
Theme: "The Science of Success"

Good day everyone!

We are excited to begin the next phase of planning for our ATA Science Council conference in November 2016. Our two amazing conference keynote speakers are Hayley Wickenheiser, Olympic gold medalist and Dr. Maria Sirois, positive psychologist and author. Please visit our conference website for more information: <https://event-wizard.com/TheScienceofSuccess/0/welcome/>

The ATA Science Council has four levels of sponsorship available for this year's conference:

Bronze (\$500-\$1000) will receive website advertising

Silver (\$1000-\$2500) will receive Bronze level and, advertising in the lobby of Husky Hall

Gold (\$2500 - \$5000) will receive Bronze and Silver level and, 2 free lunch tickets

Platinum (above \$5000) will receive Bronze – Gold level and, 2 free banquet tickets

Each of these levels is valuable because we hope to allow for some amazing breakout sessions and enhance our conference for the Science teachers of Alberta. Through your sponsorship, the Council can add further value to the services that can be provided during the conference. We appreciate the assistance you may be able to provide.

If you have any questions, please contact Danika Richard, who has been our Sponsorship Coordinator for many years, by email (danika.richard@nlsd.ab.ca). Or, you can reach me at the email below. See you in November!

Carryl Bennett-Brown
Displays Coordinator 2016
